MARIA FOMIN

Junior Front-End Developer

SUMMARY:

After more than 10 years in administration, I made a meaningful career change to follow my passion for web development. I proactively learned frontend skills through online courses and hands-on projects, driven by my love for technology and design. This shift let me combine my strong organizational skills with a detail-focused and creative mindset. Now, I focus on building intuitive, attractive, and user-friendly interfaces using React, constantly improving through self-learning and real projects.

Portfolio

SKILLS:

- HTML
- CSS
- JavaScript
- React

LANGUAGE:

- English - Good
- Hebrew - Native
- Russian - Native
- Georgian - Basic

EXPERIENCE:

FRONTEND DEVELOPER - FREELANCE PROJECTS **2025 - Present**

- Working on personal and independent frontend projects.
- Built a website for a medical tourism service and a website for a video editing company. These projects helped me gain real experience in building websites, improving usability, and solving practical problems.
- Continuing to learn and improve my frontend skills, especially React.

ADMINISTRATIVE MANAGER

NeuroBrave Ltd. **2023-2024**

- Managed daily administrative and operational tasks in a startup environment. Was responsible for bookkeeping support, processing orders, handling payments, and maintaining organized records.
- Working in a technology-oriented company increased my interest in the technical side of products and systems. This experience motivated me to fully commit to learning programming and transition into frontend development.

PERSONAL ASSISTANT TO THE CHAIRMAN & ADMINISTRATIVE MANAGER

ManpowerGroup Israel Ltd **2010 - 2021**

Manpower Israel Ltd. is a prominent provider of comprehensive human resources services in Israel, specializing in staffing solutions, career resources, and educational opportunities.

- Managed schedules, communications, and logistics for senior executives in a fast-paced corporate environment.
- Took initiative in solving technical issues and worked daily with systems like AS400, invoicing platforms, and CRM tools.
- Demonstrated a strong ability to quickly learn new software and tools, often becoming the first point of contact for system-related questions and process optimizations.
- Coordinated with international teams and vendors, handling tasks such as digital communication, travel logistics, and document automation.
- Developed excellent organizational skills, attention to detail, and the ability to handle multiple tasks under pressure.
